

Sylvan Learning Center of Venice is currently collaborating with "The Warehouse" to assist students with their educational needs. Marianne Moschella, Center Director of Sylvan, has extended the following offers to "The Warehouse" community.

Sylvan will provide FREE SAT Diagnostic Assessment for those students who will be taking the SAT. Subsequent to testing, Marianne will meet with parents to go over the results and SAT Prep class schedules. SAT Prep classes begin 8 weeks prior to each SAT test.

The second offer is 50% off of Sylvan's Diagnostic Assessment in either areas of difficulty or desired enrichment for students. Diagnostic Assessments will be the same price no matter how many tests the student takes. Sample areas of Diagnostic Testing are: Math, Algebra I, Algebra II, Geometry, Reading, Writing, and Study Skills. Marianne will meet with parents to go over the Assessment results and provide recommendations that fit your family's needs.

Finally, Sylvan will be happy to sponsor the Book Adventure Program when "The Warehouse" computers arrive. This program will be available to students through Middle School age and motivates students to read through an incentive program. Students earn points for correctly answering questions about books they read. They can then shop for prizes with their points.

Please contact Marianne at (941) 486-1995 with any questions. She will be happy to assist you with your child's needs.
